

Insurance Alert!

The Office of the Insurance Commissioner (OIC) has notified WSDA of a bogus insurance company. The scam operation specializes in defrauding high-risk/high-premium/low-claim industries such as Structural Pest Inspectors and Commercial Applicators. You are advised **NOT** to do business with the following company:

Sinclair Insurance Company Limited or N.M. Sim Management Company

To report information about this company or to file a complaint, contact OIC's Consumer Protection Division at (800) 562-6900 or go to <http://www.insurance.wa.gov>. This Web site can also be used to verify the validity of any insurance company. If you cannot locate a company on the Web site, call the Consumer Protection Division to see if it is a "Surplus Lines" company, which is fairly common in the Structural Pest Inspector industry.
